**About KENSTON GROUP® and Kenston Pension GmbH:**

Under the umbrella of **KENSTON GROUP®** operate interconnected companies, which act as independent solution partners for all aspects of company pension schemes. The focus in this context is the implementation of all possible outsourcing arrangements for direct pension obligations.

In addition, **KENSTON GROUP®** acts as an investor, co-investor and partner for financing of entrepreneurial sustainable investments. Such implementations are made globally and are central managed.

In addition, the range of services offered by the **KENSTON GROUP®** includes all relevant consulting and processing services that are additionally tangential to a company's operational provision and remuneration. These services include, among others:

- personnel and payroll accounting;
- retiree payroll.

In this orientation, the **KENSTON GROUP®**, as a national and international "competence center", also serves clients from the following groups of persons or areas:

- tax consultants and auditors (or corresponding companies);
- lawyers and legal advisors (or corresponding companies);
- management consultants and high-quality financial service providers (or corresponding companies).

The consulting, set-up, processing, and ongoing monitoring of occupational pension systems requires technical, legal, and organizational effort in high-quality consulting and thus ties up company resources. Through intelligent outsourcing, the **KENSTON GROUP®** enables comprehensive cost reduction while minimizing liability or simultaneously excluding liability for employers and the consultants involved. This results in innovation and uniqueness.

Within the framework of the **KENSTON solutions**, indispensable legal and pension advisory activities are outsourced to affiliated authorized service providers. In this context, **Kenston Services GmbH** and **Kenston Pension GmbH** take over the coordination and handling of all related legal and pension advisory activities and provide employers (and the associated employees) with an all-encompassing and legally secure bAV back office. **KENSTON Business GmbH** assumes corresponding coordination functions within the scope of the investor activities of the **KENSTON GROUP®**.

**Kenston Pension GmbH**, in its function as a court-approved pension consulting firm for company pension plans, acts as a focused legal and special service company that concentrates exclusively on the subject areas of **company pension plans (bAV)** and "related" implementations.
